- [Your Role] You are working as a senior consultant at The Boston Consulting Group (BCG).
- [Task Goal & Intent] You are building a comprehensive analysis of **Lattice Semiconductor (NASDAQ: LSCC)** and as part of that we need to understand the business risks that that company is facing.
 - Note that here after “Lattice Semiconductor” is referred to as “the company.”
- [Needed Analysis] Your task is to compare the risk factors that the company’s management listed in their SEC 10-K filings for the last two years. Please summarize:
 - 1. What are the major risk factors?
 - 2. What risk factors are new or have become more urgent in the most recent year?
 - 3. What risk factors from last year have been dropped or downgraded?
- [Sources & Context]
 - Get your information only from the company’s fiscal year 2023 and fiscal year 2024 SEC 10-K filings.
 - Use the 10-K files attached to this prompt titled “**xxx.pdf**” and “**yyy.pdf**.”
 - For context use the attached file titled “**zzz.pdf**.”
- [Audience] Your report will be reviewed by the senior partners at our BCG office. Please write appropriately for that level.
- [Output]
 - Present your findings in a structured manner:
 - 1) use text and tables as needed,
 - 2) format the findings such that they are suitable for pasting in a MS Word Document or MS PowerPoint slides, and
 - The findings should be no longer than **2,500** words.
 - In addition to the findings, please list the following information:
 - 1) all sources that you used. For each source note where you found it, the URL, and the content creation date
 - 2) the LLM or agent name and version that was used to fulfill this request.
 - 3) the date and time that this request was fulfilled.
 - 4) the requesting prompt.
- [Guardrails]
 - Ask me questions, one at a time, if you need any clarification on this request.
 - Use only reliable sources. For example:
 - 1) do not pull information from Reddit or social media, and
 - 2) do pull information either from the SEC EDGAR database or the company’s website directly.
